

## 兔抗 ELN 多克隆抗体

中文名称：兔抗 ELN 多克隆抗体

英文名称：Anti-ELN rabbit polyclonal antibody

别名：WS, WBS, SVAS

抗原：ELN

储存：冷冻（-20℃）

宿主：Rabbit

相关类别：一抗

反应种属：Human

标记物：Unconjugate

克隆类型：rabbit polyclonal

### 技术规格

|                      |  |
|----------------------|--|
| <b>Background:</b>   | This gene encodes a protein that is one of the two components of elastic fibers. The encoded protein is rich in hydrophobic amino acids such as glycine and proline, which form mobile hydrophobic regions bounded by crosslinks between lysine residues. Deletions and mutations in this gene are associated with supravalvular aortic stenosis (SVAS) and autosomal dominant cutis laxa. Multiple transcript variants encoding different isoforms have been found for this gene. |
| <b>Applications:</b> | ELISA, WB  |

|                                    |                                       |
|------------------------------------|---------------------------------------|
| <b>Name of antibody:</b>           | ELN                                   |
| <b>Immunogen:</b>                  | Fusion protein of human ELN           |
| <b>Full name:</b>                  | elastin                               |
| <b>Synonyms :</b>                  | WS, WBS, SVAS                         |
| <b>SwissProt:</b>                  | P15502                                |
| <b>ELISA Recommended dilution:</b> | 2000-5000                             |
| <b>WB Predicted band size:</b>     | 68 kDa                                |
| <b>WB Positive control:</b>        | Human hepatocellular carcinoma tissue |
| <b>WB Recommended dilution:</b>    | 500-2000                              |
